

Evening Outing to Shepherd House Garden

The Club has organised an evening outing for May. The date is Monday 16th, and we will be visiting the stunning garden at Shepherd House.

The garden will be opened exclusively for us and we will be serving our usual refreshments of wine and soft drinks. Sir Charles and Lady Fraser have chosen the charity 'Live Music Now' as their charity this year, so are asking for a donation of £5 each towards it. Lady Fraser is a renowned botanical artist and has said she will be offering some of her illustrated cards for sale, also for charity.

Like the Daffodils outing, this will be a self-drive outing. There is limited free parking on the street outside the house, but if members can car-share that would be grand. We can help to co-ordinate pairing passengers with drivers if needed.

If you've not visited this garden before, you are in for a treat ... Unfortunately however, there is a limit of just 50 places available for the visit. To make it fair for members to have an equal chance to apply, we are operating a first-come-first-served email registration process.

Please email outings@colintongardens.org.uk to register.
